

# ABOUT US

MPC is the nation's third-largest refiner, with a crude oil refining capacity of approximately 1.8 million barrels per calendar day in its seven-refinery system. Marathon brand gasoline is sold through approximately 5,600 independently owned retail outlets across 19 states. In addition, Speedway LLC, an MPC subsidiary, owns and operates the nation's second-largest convenience store chain, with approximately 2,730 convenience stores in 21 states. MPC owns, leases or has ownership interests in approximately 10,800 miles of crude oil and light-product pipelines. Through subsidiaries, MPC owns the general partner of MPLX LP, a midstream master limited partnership. Through MPLX, MPC has ownership interests in natural gas gathering and processing facilities with approximately 5.6 billion cubic feet per day of gathering capacity, 8 billion cubic feet per day of processing capacity and 570,000 barrels per day of natural gas liquids (NGL) fractionation capacity. MPC's fully integrated system provides operational flexibility to move crude oil, NGLs, feedstocks and petroleum-related products efficiently through the company's distribution network and midstream service businesses in the Midwest, Northeast, East Coast, Southeast and Gulf Coast regions.

## MPC LOGISTICS\*

### CRUDE OIL REFINING CAPACITY

	BPCD	NCI*
Galveston Bay	459,000	13.0

## TOP 10 REFINED PRODUCTS MPC MANUFACTURED IN 2016 BASED ON VOLUME

- **Product: Gasoline**  
Used for: Transportation fuel
- **Product: Diesel**  
Used for: Transportation fuel
- **Product: Jet fuel**  
Used for: Transportation fuel
- **Product: Refinery fuel**  
Used for: Non-salable hydrocarbon materials used to fuel refinery units
- **Product: Asphalt**  
Used for: Road paving and the manufacture of roofing shingles
- **Product: Petroleum coke**  
Used for: Fuel in boilers and cement kilns. Some grades can be further treated and used in carbon anodes for aluminum smelting and as electrodes for electric arc furnaces.
- **Product: Aromatics** (xylene, benzene, cumene, toluene)  
Used for: Production of paints, printing inks, adhesives, flexible foam, styrene and plastics
- **Product: Heavy fuel oil/slurry**  
Used for: Fuel for some utilities and marine vessels
- **Product: Olefins** (primarily propylene)  
Used for: Production of paints, household detergents, carpet fibers, foam insulation and auto parts
- **Product: Propane**  
Used for: Primarily a heating fuel

## MPC CONDUCTS ITS BUSINESS ACCORDING TO FIVE VALUES:

- ▶ **Health and Safety:** We have the highest regard for the health and safety of our employees, contractors and neighboring communities.
- ▶ **Environmental Stewardship:** We are committed to minimizing our environmental impact and continually look for ways to reduce our footprint.
- ▶ **Integrity:** We uphold the highest standards of business ethics and integrity, enforcing strict principles of corporate governance. We strive for transparency in all of our operations.
- ▶ **Corporate Citizenship:** We work to make a positive difference in the communities where we have the privilege to operate.
- ▶ **Inclusive Culture:** We value diversity and strive to provide our employees with a collaborative, supportive, and inclusive work environment where they can maximize their full potential for personal and business success.

## OUR VALUES AND GOVERNANCE

Our values dictate how we approach our business decisions. Our board of directors and executive management recognize that our shareholders expect a solid return on their investment. But those who own MPC stock also share our expectation that we will earn profits honestly, inclusively, and while protecting the environment, our employees and contractors, and the communities where we operate.

### HOW WE LIVE OUR VALUES

Our governance is transparent and promotes accountability. On our website we post our Corporate Governance Principles, bylaws, Code of Ethics for Senior Financial Officers, and various corporate governance policies, guidelines and procedures, among other governance-related documents. These documents provide a clear view of how we operate our business. They can be found here: [http://www.marathonpetroleum.com/Investor\\_Center/Corporate\\_Governance/](http://www.marathonpetroleum.com/Investor_Center/Corporate_Governance/)

We also post our Code of Business Conduct, which members of our board, executive officers and salaried employees are required to read and adhere to. The code provides guidance for a variety of business situations, and multiple ways to report instances in which ethical, honest business practices may have been breached. Our code also makes explicit our requirement to respect the human, cultural and legal rights of individuals and communities and to promote, where we can and within the parameters of our business role, the goals and principles of the United Nations Universal Declaration of Human Rights. Our

acknowledgment of these principles is consistent with our dedication to enriching the workplace, preserving the environment, strengthening the communities where we operate and engaging with our stakeholders to pursue progress toward these goals.

Our inaugural *Perspectives on Climate-Related Scenarios* report describes Board of Director oversight of risk management and the policies and procedures we use to ensure we are adhering to our core values. The publication can be found here: [http://www.marathonpetroleum.com/About\\_MPC/Publications/](http://www.marathonpetroleum.com/About_MPC/Publications/)

A key component to operating pursuant to our health, environmental, safety and security values is our commitment to obtain companywide RC14001® certification, further described in this report on Page 8.

In this report, you'll also see that we combined Diversity and Inclusion and Talent Management into a single organization; because we value diversity, we are integrating it into the way we find, recruit, retain and manage our talented employees. Similarly, we have spent billions of dollars on environmental stewardship and safety measures, which we describe in this report.

The articles in this report and our *Perspectives on Climate-Related Scenarios* report demonstrate Marathon Petroleum Corporation's robust set of policies and procedures in the areas of business integrity, corporate responsibility and human resources.

MPC employees volunteer during the United Way of Hancock County's Days of Caring in Findlay, Ohio.
